Attenborough Learning Trust Records Management Policy

Management of records is a legal obligation (Section 46 of the Freedom of Information Act 2000). By ensuring that our records are well managed and controlled we can provide a better service to staff, pupils, parents/carers and others. The legal and regulatory obligations from many sources rely on effective record management. Information management is also a part of the IT strategy, Data Protection and UK GDPR compliance obligations. This policy provides a framework that covers records management in the trust and the academies. It covers:

- Scope
- Responsibilities
- Relationships with existing policies

1. Scope

1.1 This policy applies to all records created, received or maintained by staff of the trust, whether centrally or in individual schools, in the course of carrying out its functions.

1.1 Records exist in the trust schools and originate from a variety of sources. Trust staff will create some. Others are provided by parents/carers and pupils, others are shared with the trust and its schools by external professionals. The policy applies to all records and the management of the records in the trust and its schools. See Appendix 1 for examples of records in the trust schools.

1.2 Records may be hard copy, electronic, digital, images, audio recordings or any other source that can be viewed, heard or interrogated. They may relate to individuals, financial planning, contracts, commercial organisations, public authorities or charitable organisations. Some will include personal data about individuals.

1.3 How the trust and schools use, maintain and manage records will be dependent on the purpose, origin and source of the records. Other policies will govern this in many instances.

1.3 Some records will be retained for historical and archiving purposes.

2. Responsibilities

2.1 The trust has a corporate responsibility to maintain, use, store and delete its records to comply with regulatory requirements. The person with overall responsibility for this policy is the Chief Executive Officer and this will be delegated to individuals in each school.

2.2 Good record management practice will be the responsibility of all staff. Individual responsibility will be determined by job description and practice. A senior leader (head, principal or head of school) will also monitor compliance with this policy at least annually.

2.3 Individual staff and employees must ensure that records for which they are responsible are accurate and are maintained and disposed of in accordance with the trust's policies and records management guidelines.

3. Relationship with existing policies

This policy has been drawn up within the context of:

- Freedom of Information policy
- Data Protection policy
- Information Security policy
- IT security and use policies
- Records retention policy/guidelines
- and with other legislation or regulations (including audit, equal opportunities and ethics) affecting the trust and schools.
