Mrs Jamila Vanzaria

Governor recruitment at Highfields Primary School

We are currently looking for new governors to join our governing board.

The main aim of our 'Happy Learning Community' is primarily to prepare children for a happy life. We not only want them to learn how to make a living but be confident in the world and know how to live a fulfilling life. We teach our children how to be resilient, persevere and be good collaborators as well as the importance of being a good listener and communicator. The need for our children to be respectful and tolerant of others is also very important to us.

We are a warm, supportive, and friendly school who will stop at nothing to ensure everyone's time at Highfields is the best it can be. We have always been proud of our welcoming environment. One without an obvious hierarchical divide. A place where we look to develop from within, not to continue with our status quo but to evolve rather than revolutionise. There is always willingness to take onboard new ideas and adopt them to what is best for us.

We are an open and transparent school with a burning desire to find new ways forward to improve the provision for all children regardless of our current standards.

Governors work as part of a team with the Head Teacher. Together they determine the strategic direction of the school and establish aims, ethos, policies, procedures, and performance targets that the Head and their staff must deliver on. The governing body also checks to ensure that the school is making good progress. The Local Governing Body of Highfields Primary School forms part of the governance arrangements of the Attenborough Learning Trust.

Governors typically meet 4 times a year (currently a mixture of face to face and virtual), with other activities taking place in between including focused school visits, training, and working with Trust Board. Governors are unpaid volunteers – however expenses can be claimed.

If you wish to would like more information or an informal conversation, please contact Mr. Errol Rowe, headteacher erowe@highfields-pri.leicester.sch.uk or Mr. Nick Allsopp, Chair of Governors nallsopp@attenboroughlearningtrust.org.uk
